

Instructions: How to Use Retainer Brite Tablets

1. Drop one tablet into enough warm (not hot!) water to cover retainer.

2. Place retainer, mouthguard, TMJ appliance or nightguard into effervescent blue solution.

3. When the blue clears (10-12min.) retainer is clean and odor free!

4. Rinse retainer thoroughly with running water.

Ingredients: Potassium Persulfate Compound, Sodium Perborate, Sodium Bicarbonate, Sodium Sulfate, Sodium Carbonate, Pentasodium Triphosphate, Corn Syrup Solids, Sodium Lauryl Sulfoacetate, PEG-180, Flavor, Magnesium Stearate, Tetrasodium EDTA, DD&C Blue #2 (CI 73015), FD&C Blue #2 Aluminum Lake (CI 73015).
