FINANCIAL POLICY

As a condition of your treatment by this office, financial arrangements must be made in advance. The practice depends upon reimbursement from the patients for the costs incurred in their care and financial responsibility on the part of each patient must be determined before treatment. All emergency services, or any services performed without previous financial arrangements, must be paid for in cash at the time the services are performed.

All medical/dental services furnished are charged directly to you and **you are personally responsible for ALL payments. First X-Ray $425.00 and Consultation $149.00.** This office will help prepare insurance forms or assist in making collections from your insurance companies and will credit any such collections to your account or reimburse you as necessary 30 business days after treatment is final. However, this office cannot render services under the assumption that our charges will be paid by an insurance company. A service charge of 2% a month (24% annum) on the unpaid balance will be charged on all accounts exceeding 60 days, unless previously written financial arrangements are satisfied. I understand that the fee estimate listed for my care can only be extended for a period of up to three months from the date of this initial consultation.

In consideration for the professional services rendered to me, or at my request, by the doctor, I agree to pay the reasonable value of said services to said doctor, or his assignee, at the time said services are rendered, or within five days of billing, if credit shall be extended. I further agree that the reasonable value of said services shall be billed unless objected to, by me, in writing, within the time for payment thereof.

I agree that a waiver of any breach of any time or condition hereunder shall not constitute a waiver of any further term or condition, and I agree to pay all costs and reasonable attorney fees if suit be instituted hereunder. I further agree to pay an additional amount representing up to 40% of the principal balance if the account is referred to a collection agency or attorney for collections. This additional amount is in recognition of the cost associated with said collection action processing.

I grant my permission to this company to call me at home or at work to discuss matters related to this form and account.

I have read the above conditions of treatment and payment and agree to their content.
